Testing:	Vitest, React Testing Library, pytest, xUnit, SonarCloud
Cloud/DevOps:	Azure, GCP, Terraform, Docker, Github Actions, Datadog, Auth0
Data & AI:	Prefect, pandas, scikit-learn, Power BI, Spotfire, Claude Code, Cursor, Dust

SPORTS & PROJECTS

Volleyball (Pre-National level), Team Captain and Board Member of Garches Volley-Ball

Deforestation Awareness Project - Produced a YouTube documentary raising awareness on illegal deforestation of primary forests in Transylvania, Romania.

[Gvvb.fr](#) - Website for Garches Vaucresson volleyball club: manages registrations, results and club news. (Next.js/React)

[Metron-pricing.fr](#) - Structured-products tool: financial modeling + AI for fair-value/arbitrage detection, with an interactive educational module. FastAPI, React, Supabase, QuantLib, yfinance

[Rubiks-clock.fr](#) (speedcubing timer) and [soiree-popcorn.fr](#) (group movie picker, Next.js)

Self-hosted infrastructure - migrated the above projects off Vercel to a self-managed Hetzner VPS (Docker, Coolify, Traefik, Cloudflare DNS), deploying and operating them solo end-to-end
